Determining Your CRDP

Payments are determined by DFAS and will vary depending on your retired pay, disability percentage, dependents, and more. These slides are offered strictly as a tool for retirees to make an educated decision about their benefits.

Any questions regarding CRDP or individual payment, should be directed to DFAS at www.dfas.mil or 1-800-321-1080

Determining CRDP

- **First Step** - "2008 table rate"
  - Determine retiree's 10 year pro-rata CRDP pay computation:

If rated unemployable	Paid in Full and Taxed
If rated at 100%	Paid in Full and Taxed
If rated at 90%	$500.00
If rated at 80%	$350.00
If rated at 70%	$250.00
If rated at 60%	$125.00
If rated at 50%	$100.00

- **Example:** To help illustrate the process, assume the following for an eligible retiree with a 90% VA service-connected disability:

Gross Retired Pay: $1,800.00
VA Disability Pay: $1,517.00
CRDP Table rate (90% rating): $500.00

Determining CRDP

- **Second Step** - Subtract the CRDP table rate from retiree's current
  VA disability amount (VA waiver)

- **Example**:

VA waiver: $1,517.00
CRDP table rate (90% rating): - $500.00
Difference: $1,017.00

Determining CRDP

- **Third Step -** Multiply the difference by the current restoration rate:

2004	NA
2005	NA
2006	28.00%
2007	49.60%
2008	**69.76%**
2009	84.88%
2010	93.95%
2011	98.18%
2012	99.64%
2013	99.96%
2014	100.00%

- **Example**: Using the 2008 restoration rate of 69.76%

Difference: $1,017.00
2008 Restoration rate: x 69.76%
Product: $709.46

Determining CRDP

- **Fourth Step** - Add the product to the table rate amount to find retiree's CRDP amount

- **Example:**

Product: $709.46
CRDP table rate (90% rating): + $500.00

2008 CRDP amount: $1209.46

90% VA disability amount $1517.00

Effective percentage: 79.7% of VA amount

CRSC – A Decision

Below is an example of the CRSC benefit

A retiree receives a total of $1,521 a month for military retired pay and has been awarded VA service-connected disabilities at 100% and combat "related" disabilities at 50%

With CRDP*	
Military Retired Pay (E7)	$1,521
VA Offset	- $1,521
VA Pay (100%)	+$2,600
CRDP (100%)	+$1,521
Total Pay =	$4,121 Total
$2,600 Tax-Free / $ 1,521 Taxed	

With CRSC*	
Military Retired Pay	$1,521
VA Offset	-$1,521
VA Pay (100%)	+$2,600
CRSC (50%)	+$750
Total Pay =	$3,350 Tax-Fre

* Cannot receive both CRSC and CRDP
